

Thoughts for the Program Committee

My name (first and last): _____

I've been a member for (approximately): _____

1. The program(s) I remember best: (please give the name of the speaker, the content, the activity, when it was presented, and any other details you can remember):
2. What (if any) programs didn't interest you at all (details, please):
3. What skill(s)/techniques do you hope to see programs on? Please be specific.
4. Do you ever attend workshops that are associated with speakers? Why or why not? Is cost a factor? Did you feel that the workshop was worth your time/money?
5. What content would you like to see repeated/refreshed?
6. Have you seen a speaker at a guild/shop/club that you'd really like to have us try to have here at CRQC?
7. Do you have a specific talent/technique/class that you'd like to present at our occasional "members present" meetings? (e.g., last year in October we had members present several quick-to-make holiday gifts). If you don't feel that you have such a talent, do you know someone in the club who does?
8. Discuss with your table what program ideas you'd like to see. Please write down what you wish you'd thought of!
